Important Information

THIS IS NOT AN INSURED BENEFIT PLAN. THE BENEFITS DESCRIBED IN THIS BOOKLET OR ANY RIDER ATTACHED HERETO ARE PAID FROM THE GENERAL ASSETS OF MICRON TECHNOLOGY, INC. WHICH IS RESPONSIBLE FOR THEIR PAYMENT. CIGNA HEALTH AND LIFE INSURANCE COMPANY (CIGNA) PROVIDES CLAIM ADMINISTRATION SERVICES AND THIRD PARTY ADMINISTRATOR SERVICES TO THE HEALTH PLAN, BUT CIGNA DOES NOT INSURE THE BENEFITS DESCRIBED.

HC-NOT89

Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.

Special Plan Provisions

When you select a Participating Provider, this plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.

- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Care Management and Care Coordination Services

Your plan may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements.

Important Notices

Important Information Rebates and Other Payments

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer's or plan's behalf or for your benefit.

Cigna, its affiliates and the plan are not obligated to pass these rebates on to you, or apply them to your plan's Deductible if any or take them into account in determining your Copayments and/or Coinsurance. Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan's Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, Cigna or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Medical Pharmaceuticals and Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Medical Pharmaceutical and Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Cigna, its affiliates and the plan are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician.

Specialty Prescription Drug Manufacturer Assistance and Support Benefit

Certain Specialty Prescription Drugs on the Prescription Drug List have been classified as non-essential health benefits (NEHBs) and the cost of such NEHB Specialty Prescription Drugs will not be applied toward satisfying the Deductible and/or Out-of-Pocket Maximum. A list of these NEHB Specialty Prescription Drugs and the applicable Coinsurance for each NEHB Specialty Prescription Drug can be accessed at: www.saveonsp.com/cigna-NPF.

This list will change from time to time.

If you are prescribed one of these NEHB Specialty Prescription Drugs, you will be contacted by SaveOn SP, LLC ("SaveOnSP")

and required to enroll in the applicable prescription drug manufacturer assistance or support program. Once enrolled, you provide SaveOnSP with consent to monitor your account. Any Coinsurance required for NEHB Specialty Prescription Drugs and/or any Coinsurance remaining after the available prescription drug manufacturer assistance is applied or is exhausted will be credited, and your Out-of-Pocket cost share will be reduced to \$0.00. As a result of certain Specialty Prescription Drugs being classified as NEHB, your Coinsurance will continue to apply even after you have satisfied your plan's Deductible and/or Out-of-Pocket Maximum. In the event you fail to enroll in the applicable prescription drug manufacturer assistance or support program, or you do not provide consent to SaveOnSP to monitor your account, you will be responsible for the full required Coinsurance for the NEHB Specialty Prescription Drug without such payment applying to the Deductible and/or Out-of-Pocket Maximum. Your Coinsurance will continue to apply even after your Deductible and/or Out-of-Pocket Maximum has been satisfied.

In the event you enroll, or attempt to enroll, in the applicable/available prescription drug manufacturer assistance or support program and are denied any and all prescription drug manufacturer assistance or support due to a prescription drug manufacturer and/or legal restriction, the required Coinsurance for the NEHB Specialty Prescription Drugs will be credited and your Out-of-Pocket cost share will be reduced to \$0.00, so long as you have given SaveOnSP consent to monitor your account.

Federal CAA - Consolidated Appropriations Act and TIC - Transparency in Coverage Notice

Third Party Administrator will make available an internet-based self-service tool for use by individual customers, as well as certain data in machine-readable file format on a public website, as required under the Transparency in Coverage rule. Customers can access the cost estimator tool on myCigna.com. Updated machine-readable files can be found on Cigna.com and/or CignaForEmployers.com on a monthly basis.

Pursuant to Consolidated Appropriations Act (CAA), Section 106, Third Party Administrator will submit certain air ambulance claim information to the Department of Health and Human Services (HHS) in accordance with guidance issued by HHS.

Subject to change based on government guidance for CAA Section 204, Third Party Administrator will submit certain prescription drug and health care spending information to HHS through Plan Lists Files (P1-P3) and Data Files (D1-D8) (D1-D2) for an Employer without an integrated pharmacy product aggregated at the market segment and state level, as outlined in guidance.

HC-IMP353

01-24

Federal CAA - Consolidated Appropriations Act Continuity of Care

In certain circumstances, if you are receiving continued care from an in-network provider or facility, and that provider's network status changes from in-network to out-of-network, you may be eligible to continue to receive care from the provider at the in-network cost-sharing amount for up to 90 days from the date you are notified of your provider's termination. A continuing care patient is an individual who is:

- undergoing a course of treatment for a serious and complex condition from the provider or facility.
- pregnant and undergoing treatment for the pregnancy from the provider or facility.
- undergoing a course of institutional or inpatient care from the provider or facility.

- scheduled to undergo non-elective surgery, including receipt of post-operative care with respect to such a surgery.
- determined to be terminally ill and is receiving treatment for such illness from the provider or facility.

If applicable, the Third Party Administrator will notify you of your continuity of care options.

Appeals

Any external review process available under the plan will apply to any adverse determination regarding claims subject to the No Surprises Act.

Provider Directories and Provider Networks

A list of network providers is available to you, without charge, by visiting the website or calling the phone number on your ID card. The network consists of providers, including Hospitals, of varied specialties as well as generic practice, affiliated or contracted with the Third Party Administrator or an organization contracting on its behalf.

A list of network pharmacies is available to you, without charge, by visiting the website or calling the phone number on your ID card. The network consists of pharmacies affiliated or contracted with the Third Party Administrator or an organization contracting on its behalf.

Provider directory content is verified and updated, and processes are established for responding to provider network status inquiries, in accordance with applicable requirements of the No Surprises Act.

If you rely on a provider's in-network status in the provider directory or by contacting Cigna at the website or phone number on your ID card to receive covered services from that provider, and that network status is incorrect, then your plan cannot impose out-of-network cost shares to that covered service. In-network cost share must be applied as if the covered service were provided by an in-network provider.

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, access the website or call the phone number on your ID card.

Selection of a Primary Care Provider

This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider, and for a list of the participating primary care providers, access the website or call the phone number on your ID card.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or are treated by an out-of-network provider at an in-network Hospital or ambulatory surgical center, you are protected from balance billing. In these situations, you should not be charged more than your plan's copayments, coinsurance, and/or deductible.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or deductible. You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that is not in your health plan's network.

"Out-of-network" means providers and facilities that have not signed a contract with your health plan to provide services.

Out-of-network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called "**balance billing**". This amount is likely more than in-network costs for the same service and might not count toward your plan's deductible or annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you cannot control who is involved in your care – such as when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service.

You are protected from balance billing for:

- **Emergency services** – If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is your plan's in-network cost-sharing amount (such as a copayments, coinsurance, and deductibles). You cannot be balanced billed for these emergency services. This includes services you may get after you are in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.

- **Certain non-emergency services at an in-network Hospital or ambulatory surgical center** – When you get services from an in-network Hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers can bill you is your plan's in-network cost sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **cannot** balance bill you and may not ask you to give up your protections not to be balanced billed.

If you get other types of services at these in-network facilities, out-of-network providers **cannot** balance bill you, unless you give written consent and give up your protections.

You are never required to give up your protections from balance billing. You also are not required to get out-of-network care. You can choose a provider or facility in your plan's network.

When balance billing is not allowed, you have these protections:

- You are only responsible for paying your share of the cost (such as copayments, coinsurance, and deductibles that you would pay if the provider were in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.
- Generally, your health plan must:
 - Cover emergency services without requiring you to get approval in advance for services (also known as prior authorization).
 - Cover emergency services provided by out-of-network providers.
 - Base what you owe the provider or facility (cost sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits (EOB).
 - Count any amount you pay for emergency services or out-of-network services toward your in-network deductible and out-of-pocket limit.

If you think you have been wrongly billed, contact Cigna (as the Third Party Administrator) at the phone number on your ID card. You can also contact No Surprises Help Desk at 1-800-985-3059 or www.cms.gov/nosurprises for more information about your rights under federal law.

Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) - Non-Quantitative Treatment Limitations (NQTLs)

Federal MHPAEA regulations provide that a plan cannot impose a Non-Quantitative Treatment Limitation (NQTL) on mental health or substance use disorder (MH/SUD) benefits in any classification unless the processes, strategies, evidentiary standards, or other factors used in applying the NQTL to MH/SUD benefits are comparable to, and are applied no more stringently than, those used in applying the NQTL to medical/surgical benefits in the same classification of benefits as written and in operation under the terms of the plan.

How To File Your Claim

There's no paperwork for In-Network care. Just show your identification card and pay your share of the cost, if any; your provider will submit a claim to the Claims Administrator for reimbursement. Out-of-Network claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE A CLAIM, OR WHEN YOU CALL CLAIMS ADMINISTRATOR.
YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO THE CLAIMS ADMINISTRATOR.

Timely Filing of Out-of-Network Claims

The Claims Administrator will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days for Out-of-

Network benefits, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud the Health Plan, the Employer or Claims Administrator by filing a claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent act.

Important Information About Your Health Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents. If you need assistance selecting your Primary Care Physician, please visit our website at www.cigna.com or call the number on the back of your ID Card.

The Primary Care Physician's role is to provide or arrange for medical care for you and any of your Dependents.

You and your Dependents are allowed direct access to Participating Physicians for covered services. Even if you select a Primary Care Physician, there is no requirement to obtain an authorization of care from your Primary Care Physician for visits to the Participating Physician of your choice, including Participating Specialist Physicians, for covered services.

Changing Primary Care Physicians

You may request a transfer from one Primary Care Physician to another by visiting our website at www.cigna.com or calling the number on the back of your ID Card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician, if you choose.

Direct Access For Mental Health and Substance Use Disorder Services

You are allowed direct access to a licensed/certified Participating Provider for covered Mental Health and Substance Use Disorder Services. There is no requirement to obtain an authorization of care from your Primary Care Physician for individual or group therapy visits to the Participating Provider of your choice for Mental Health and Substance Use Disorder.

Open Access Plus Medical Benefits The Schedule

For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.

When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

Important Notice on Mental Health and Substance Use Disorder Coverage

Covered medical services received to diagnose or treat a Mental Health or Substance Use Disorder condition will be payable according to the Mental Health and Substance Use Disorder sections of The Schedule.

Coinsurance

The term Coinsurance means the percentage of Covered Expenses that a covered person is required to pay under the plan in addition to the Deductible, if any.

Copayments/Deductibles

Copayments are amounts to be paid by you or your Dependent for covered services. Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.

Out-of-Pocket Expenses - For In-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles, Copayments or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.

Out-of-Pocket Expenses - For Out-of-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan. The following Expenses contribute to the Out-of-Pocket Maximum, and when the Out-of-Pocket Maximum shown in The Schedule is reached, they are payable by the benefit plan at 100%:

- Coinsurance.
- Plan Deductible.
- Any copayments and/or benefit deductibles.

Once the Out-of-Pocket Maximum is reached for covered services that apply to the Out-of-Pocket Maximum, any copayments and/or benefit deductibles are no longer required.

The following Out-of-Pocket Expenses and charges do not contribute to the Out-of-Pocket Maximum, and they are not payable by the benefit plan at 100% when the Out-of-Pocket Maximum shown in The Schedule is reached:

- Non-compliance penalties.

Provider charges in excess of the Maximum Reimbursable Charge.

Open Access Plus Medical Benefits The Schedule

Accumulation of Plan Deductibles and Out-of-Pocket Maximums

Deductibles and Out-of-Pocket Maximums will cross-accumulate (that is, In-Network will accumulate to Out-of-Network and Out-of-Network will accumulate to In-Network). All other plan maximums and service-specific maximums (dollar and occurrence) also cross-accumulate between In- and Out-of-Network unless otherwise noted.

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed a percentage of the surgeon's allowable charge as specified in Cigna Reimbursement Policies. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon

The maximum amount payable for charges made by co-surgeons will be limited to the amount specified in Cigna Reimbursement Policies.

Out-of-Network Charges for Certain Services

Charges for services furnished by an Out-of-Network provider in an In-Network facility while you are receiving In-Network services at that In-Network facility: (i) are payable at the In-Network cost-sharing level; and (ii) the allowable amount used to determine the Health Plan's benefit payment is the amount agreed to by the Out-of-Network provider and Cigna as the Third Party Administrator, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) provider.
2. The allowable amount used to determine the Health Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna as the Third Party Administrator, or as required by applicable state or Federal law.
3. The allowable amount used to determine the Health Plan's benefit payment when Out-of-Network Emergency Services result in an inpatient admission is the median amount negotiated with In-Network facilities.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

The Schedule

Out-of-Network Air Ambulance Services Charges

1. Covered air ambulance services are payable at the In-Network cost-sharing level if services are received from a non-Participating (Out-of-Network) provider.
2. The allowable amount used to determine the Health Plan's benefit payment for covered air ambulance services rendered by an Out-of-Network provider is the amount agreed to by the Out-of-Network provider and Cigna as the Third Party Administrator, or as required by applicable state or Federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Open Access Plus Medical Benefits

Certification Requirements - Out-of-Network

For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient, except for 48/96 hour maternity stays;
- for Mental Health or Substance Use Disorder Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will not include the first \$750 of Hospital charges made for each separate admission to the Hospital unless PAC is received: prior to the date of admission; or in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Room and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which Cigna as the Third Party Administrator has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Outpatient Certification Requirements – Out-of-Network

Outpatient Certification refers to the process used to certify the Medical Necessity of outpatient diagnostic testing and outpatient procedures, including, but not limited to, those listed in this section when performed as an outpatient in a Free-Standing Surgical Facility, Other Health Care Facility or a Physician's office. You or your Dependent should call the toll-free number on the back of your I.D. card to determine if Outpatient Certification is required prior to any outpatient diagnostic testing or outpatient procedures. Outpatient Certification is performed through a utilization review program by a Review Organization with which Cigna as Claims Administrator has contracted. Outpatient Certification should only be requested for non-emergency procedures or services, and should be requested by you or your Dependent at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

Covered Expenses incurred will not include the first \$750 for charges made for any outpatient diagnostic testing or outpatient procedure performed unless Outpatient Certification is received prior to the date the testing or procedure is performed.

Covered Expenses incurred will not include expenses incurred for charges made for outpatient diagnostic testing or outpatient procedures for which Outpatient Certification was performed, but, which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Outpatient Diagnostic Testing and Outpatient Procedures

Including, but not limited to:

VI

Home Health Care Services

Charges for skilled care provided by certain health care providers during a visit to the home, when the home is determined to be a medically appropriate setting for the services. A visit is defined as a period of 2 hours or less. Home Health Care Services are subject to a maximum of 16 hours in total per day.

Home Health Care Services are covered when skilled care is required under any of the following conditions:

- the required skilled care cannot be obtained in an outpatient facility.
- confinement in a Hospital or Other Health Care Facility is not required.
- the patient's home is determined by the Claims Administrator to be the most medically appropriate place to receive specific services.

Covered services include:

- skilled nursing services provided by a Registered Nurse (RN), Licensed Practical Nurse (LPN), Licensed Vocational Nurse (LVN) and an Advanced Practice Registered Nurse (APRN).
- services provided by health care providers such as physical therapist, occupational therapist and speech therapist.
- services of a home health aide when provided in direct support of those nurses and health care providers.
- necessary consumable medical supplies and home infusion therapy administered or used by a health care provider.

Note: Physical, occupational, and other Outpatient Therapy Services provided in the home are covered under the Outpatient Therapy Services benefit shown in The Schedule.

The following are excluded from coverage:

- services provided by a person who is a member of the patient's family, even when that person is a health care provider.
- services provided by a person who normally resides in the patient's house, even when that person is a health care provider.
- non-skilled care, Custodial Services, and assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other services; self-care activities; homemaker services; and services primarily for rest, domiciliary or convalescent care.

Home Health Care Services, for a patient who is dependent upon others for non-skilled care and/or Custodial Services, is provided only when there is a family member or caregiver present in the home at the time of the health care visit to provide the non-skilled care and/or Custodial Services.

HC-COV1123

01-22

- to the extent that any other benefits are payable for those expenses under the policy;
- services or supplies that are primarily to aid you or your Dependent in daily living.

HC-COV1180

01-22

Mental Health and Substance Use Disorder Services

The plan covers charges for mental health and substance use disorder services.

Mental Health Disorders are conditions which consider the following factors as defined in the current version of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders (DSM):

- a behavioral or psychological syndrome or pattern that occurs in an individual.
- reflects an underlying psychobiological dysfunction.
- the consequences of which are clinically significant distress (such as a painful symptom) or disability (such as impairment in one or more important areas of functioning).
- must not be merely an expected response to common stressors and losses (such as loss of a loved one) or a culturally sanctioned response to a particular event (such as trance states in religious rituals).
- primarily a result of social deviance or conflicts with society.

Substance Use Disorders involve patterns of symptoms caused by using a substance that an individual continues taking despite its negative effects, considering the following factors as defined in the current version of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders (DSM):

- using more of a substance than intended or using it for longer than a person is meant to use it.
- trying to cut down or stop using the substance, but unable to do so.
- experiencing intense cravings or urges to use the substance.
- needing more of the substance to get a desired effect, also referred to as tolerance.
- developing withdrawal symptoms when not using the substance.
- spending more time getting and using drugs and recovering from substance use.
- neglecting responsibilities at home, work, or school because of substance use.
- continuing to use the substance despite the substance causing problems to physical or mental health.
- giving up important or desirable social and recreational activities due to substance use.
- using substances in risky settings that put you or your Dependent in danger.

Inpatient Mental Health Services (including Mental Health Acute Inpatient Services and Mental Health Residential Treatment Services)

Mental Health Acute Inpatient Services are services provided by a Hospital while you or your Dependent are Confined in a Hospital for evaluation and treatment of an acute Mental Health Disorder.

Mental Health Residential Treatment Services are services provided by a Hospital or Mental Health Residential Treatment Center while you or your Dependent are Confined in a Hospital or Residential Treatment Center for the evaluation and treatment of a subacute Mental Health Disorder.

Mental Health Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of a Mental Health Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a Mental Health Residential Treatment Center.

Outpatient Mental Health Services (including Mental Health Partial Hospitalization and Mental Health Intensive Outpatient Services)

Outpatient Mental Health Services are services provided by providers who are licensed or certified in accordance with the laws of the appropriate legally authorized agency and qualified to treat Mental Health Disorders when treatment is provided on an outpatient basis, while you or your Dependent are not Confined in a Hospital or Mental Health Residential Treatment Center, for evaluation and treatment of a Mental Health Disorder.

Mental Health Partial Hospitalization Services are active, time-limited, ambulatory mental health treatment programs that offer therapeutically intensive, structured, and coordinated clinical services for Mental Health Disorders, similar in intensity to that provided in an Inpatient Hospital or Mental Health Residential Treatment Center, but for individuals who can maintain personal safety with support systems in the community.

Mental Health Intensive Outpatient Services are active, time-limited, ambulatory mental health treatment programs that offer structured and coordinated, multi-disciplinary clinical services for Mental Health Disorders for individuals who can maintain personal safety with support systems in the community, and who can maintain some ability to fulfill family, student or work activities.

Inpatient Substance Use Disorder Services (including Acute Inpatient Detoxification, Substance Use Disorder Inpatient Rehabilitation, Substance Use Disorder Residential Treatment Services)

Acute Inpatient Detoxification Services are services provided by a Hospital or Substance Use Disorder Residential Treatment Center for around-the-clock, intensive management and monitoring of individuals requiring acute detoxification as the initial phase of evaluation and treatment for a Substance Use Disorder.

Substance Use Disorder Inpatient Treatment Services are services provided by a Hospital while you or your Dependent are Confined in a Hospital for evaluation and treatment of an acute Substance Use Disorder.

Substance Use Disorder Residential Treatment Services are services provided by a Hospital or Substance Use Disorder Residential Treatment Center while you or your Dependent are Confined in a Hospital or Residential Treatment Center for evaluation and treatment of a subacute Substance Use Disorder.

Substance Use Disorder Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of a Substance Use Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a Substance Use Disorder Residential Treatment Center.

Outpatient Substance Use Disorder Rehabilitation Services (including Outpatient Detoxification, Substance Use Disorder Partial Hospitalization, and Substance Use Disorder Intensive Outpatient Services)

Outpatient Substance Use Disorder Services are services provided by providers who are licensed or certified in accordance with the laws of the appropriate legally authorized agency and qualified to treat Substance Use Disorders when treatment is provided on an outpatient basis, while you or your Dependent are not Confined in a Hospital or Substance Use Disorder Residential Treatment Center, for evaluation and treatment of a Substance Use Disorder.

Substance Use Disorder Partial Hospitalization Services are active, time-limited, ambulatory substance use disorder treatment programs that offer therapeutically intensive, structured, and coordinated clinical services for Substance Use Disorders, similar in intensity to that provided in an Inpatient Hospital or Substance Use Disorder Residential Treatment Center, but for individuals who can maintain personal safety with support systems in the community.

Substance Use Disorder Intensive Outpatient Services are active, time-limited, ambulatory substance use disorder

treatment programs that offer structured and coordinated, multi-disciplinary clinical services for Substance Use Disorders for individuals who can maintain personal safety with support systems in the community, and who can maintain some ability to fulfill family, student or work activities.

Substance Use Disorder Detoxification Services are services provided for daily, active comprehensive management and monitoring of individuals requiring detoxification as part of evaluation and treatment of a Substance Use Disorder, but that do not require a person to be Confined in a Hospital or Substance Use Disorder Residential Treatment Center.

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a Physician and provided by a vendor approved by the Claims Administrator for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person's misuse are the person's responsibility.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of Injury or Sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, ventilators, insulin pumps and wheel chairs.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items:** bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items:** bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Fixtures to Real Property:** ceiling lifts and wheelchair ramps.
- **Car/Van Modifications.**
- **Air Quality Items:** room humidifiers, vaporizers and air purifiers.
- **Other Equipment:** centrifuges, needleless injectors, heat lamps, heating pads, cryounits, cryotherapy machines,

ultraviolet cabinets, that emit Ultraviolet A (UVA) rays sheepskin pads and boots, postural drainage board, AC/DC adaptors, scales (baby and adult), stair gliders, elevators, saunas, cervical and lumbar traction devices, exercise equipment and diathermy machines.

External Prosthetic Appliances and Devices

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect.

External prosthetic appliances and devices include prostheses/prosthetic appliances and devices; orthoses and orthotic devices; braces; and splints.

Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts. Prostheses/prosthetic appliances and devices include, but are not limited to:

- limb prostheses;
- terminal devices such as hands or hooks;
- speech prostheses; and
- facial prostheses.

Orthoses and Orthotic Devices

Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:

- Non-foot orthoses – only the following non-foot orthoses are covered:
 - rigid and semi-rigid custom fabricated orthoses;
 - semi-rigid prefabricated and flexible orthoses; and
 - rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.
- Custom foot orthoses – custom foot orthoses are only covered as follows:
 - for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
 - when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
 - when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and

- for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:

- prefabricated foot orthoses;
- cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and maximums of the External Prosthetic Appliances and Devices benefit;
- orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
- non-foot orthoses primarily used for cosmetic rather than functional reasons; and
- non-foot orthoses primarily for improved athletic performance or sports participation.

Braces

A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

Splints

A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:

- replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
- replacement required because anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
- replacement due to a surgical alteration or revision of the impacted site.

Coverage for replacement is limited as follows:

- no more than once every 24 months for persons 19 years of age and older.
- no more than once every 12 months for persons 18 years of age and under.

The following are specifically excluded external prosthetic appliances and devices:

- external and internal power enhancements for external prosthetic devices; or
- microprocessor controlled prostheses and orthoses; and
- myoelectric prostheses and orthoses.

Infertility Services

Covered expenses include the following services when medical assistance is needed for an enrolled member to have a baby, regardless of relationship status, sexual orientation, or gender identity:

- diagnosis of infertility and treatment of infertility once a condition of infertility has been diagnosed.

Services include, but are not limited to: approved surgeries and other therapeutic procedures that have been demonstrated in existing peer-reviewed, evidence-based, scientific literature to have a reasonable likelihood of resulting in pregnancy; laboratory tests; sperm washing or preparation; intrauterine insemination/artificial insemination; and diagnostic evaluations.

Oral fertility drugs are covered under the Pharmacy benefit.

The treatment approach is limited to the least invasive and lowest cost as guided by the provider for a successful pregnancy.

The following are specifically excluded infertility services:

- injectable fertility drugs;
- assisted reproductive techniques (ART) such as in vitro fertilization (IVF);
- reversal of male and female voluntary sterilization;
- infertility services when the infertility is caused by or related to voluntary sterilization;
- donor charges, donor services, and donor eggs, sperm, and embryos;
- services for fertility preservation, including retrieval, cryopreservation, and storage;
- pre-implantation genetic material and pre-implantation genetic screening (PGS/PGT-A) of parents/donors beyond what is covered by the medical plan;
- infertility services for the purpose of being a surrogate or creating a baby other than for the enrolled members' immediate family;
- services of an individual or agency for a surrogate and/or adoption.

Outpatient Therapy Services

Charges for the following therapy services:

Cognitive Therapy, Occupational Therapy, Osteopathic Manipulation, Physical Therapy, Pulmonary Rehabilitation, Speech Therapy

- Charges for therapy services are covered when provided as part of a program of treatment.

Cardiac Rehabilitation

- Charges for Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient's status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.

Chiropractic Care Services

- Charges for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

Coverage is provided when Medically Necessary in the most medically appropriate setting to:

- Restore function (called "rehabilitative"):
 - To restore function that has been impaired or lost.
 - To reduce pain as a result of Sickness, Injury, or loss of a body part.
- Improve, adapt or attain function (sometimes called "habilitative"):
 - To improve, adapt or attain function that has been impaired or was never achieved as a result of congenital abnormality (birth defect).
 - To improve, adapt or attain function that has been impaired or was never achieved because of mental health and substance use disorder conditions. Includes conditions such as autism and intellectual disability, or mental health and substance use disorder conditions that result in a developmental delay.

Coverage is provided as part of a program of treatment when the following criteria are met:

- The individual's condition has the potential to improve or is improving in response to therapy, and maximum improvement is yet to be attained.
- There is an expectation that the anticipated improvement is attainable in a reasonable and generally predictable period of time.
- The therapy is provided by, or under the direct supervision of, a licensed health care professional acting within the scope of the license.
- The therapy is Medically Necessary and medically appropriate for the diagnosed condition.

Coverage for occupational therapy is provided only for purposes of enabling individuals to perform the activities of daily living after an Injury or Sickness.

Therapy services that are not covered include:

- sensory integration therapy.
- treatment of dyslexia.
- maintenance or preventive treatment provided to prevent recurrence or to maintain the patient's current status.
- charges for Chiropractic Care not provided in an office setting.
- vitamin therapy.

Coverage is administered according to the following:

- Multiple therapy services provided on the same day constitute one day of service for each therapy type.
- A separate Copayment applies to the services provided by each provider for each therapy type per day.

Breast Reconstruction and Breast Prostheses

- charges made for reconstructive surgery following a mastectomy; benefits include: surgical services for reconstruction of the breast on which surgery was performed; surgical services for reconstruction of the non-diseased breast to produce symmetrical appearance; postoperative breast prostheses; and mastectomy bras and prosthetics, limited to the lowest cost alternative available that meets prosthetic placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

Reconstructive Surgery

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: the surgery or therapy restores or improves function; reconstruction is required as a result of Medically Necessary, non-cosmetic surgery; or the surgery

or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part. Repeat or subsequent surgeries for the same condition are covered only when there is the probability of significant additional improvement as determined by the utilization review Physician.

Transplant Services and Related Specialty Care

Charges approved by medical management for human organ and tissue transplant services including solid organ and bone marrow/stem cell procedures at Cigna LifeSOURCE Transplant Network® facilities throughout the United States or its territories subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral. Implantation procedures for artificial heart, percutaneous ventricular assist device (PVAD), extracorporeal membrane oxygenation (ECMO) ventricular assist device (VAD) and intra-aortic balloon pump (IABP) are also covered.

- All transplant services and related specialty care services, other than cornea transplants, are covered when received at Cigna LifeSOURCE Transplant Network® facilities.
- Transplant services and related specialty care services received at Participating Provider facilities specifically contracted with Cigna as Third Party Administrator for the requested transplant services and related specialty care services, other than Cigna LifeSOURCE Transplant Network® facilities, are payable at the In-Network level.
- Transplant services and related specialty care services received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna as Third Party Administrator for the requested transplant services and related specialty care services, are covered at the Out-of-Network level.
- Cornea transplants received at a facility that is specifically contracted with Cigna as Third Party Administrator for this type of transplant are payable at the In-Network level.

Charges for gene therapy products and services directly related to their administration are not covered under the Transplant Services and Related Specialty Care benefit.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of hospitalization and surgery necessary for removal of an organ and transportation of a live donor (refer to Transplant and Related Specialty Care Travel Services). Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Transplant and Related Specialty Care Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations:

- Transplant and related specialty care travel benefits are not available for cornea transplants.
- Benefits for transportation and lodging are available to the recipient of a preapproved organ/tissue transplant and/or related specialty care from a designated Cigna LifeSOURCE Transplant Network® facility.
- The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care.
- Travel expenses for the person receiving the transplant will include charges for: transportation to and from the designated Cigna LifeSOURCE Transplant Network® facility (including charges for a rental car used during a period of care at the designated Cigna LifeSOURCE Transplant Network® facility); and lodging while at or traveling to and from the designated Cigna LifeSOURCE Transplant Network® facility.
- In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.
- The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits for Transplant Services and Related Specialty Care, and for Transplant and Related Specialty Care Travel Services are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the

designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above.

Charges for the expenses of a donor companion are not covered. No transplant and related specialty care services or travel benefits are available when the covered person is the donor for an organ/tissue transplant, the transplant recipient's plan would cover all donor costs.

Advanced Cellular Therapy

Charges for advanced cellular therapy products and services directly related to their administration are covered when Medically Necessary. Coverage includes the cost of the advanced cellular therapy product; medical, surgical, and facility services directly related to administration of the advanced cellular therapy product, and professional services.

The Claims Administrator determines which U.S. Food and Drug Administration (FDA) approved products are in the category of advanced cellular therapy, based on the nature of the treatment and how it is manufactured, distributed and administered. An example of advanced cellular therapy is chimeric antigen receptor (CAR) T-cell therapy that redirects a person's T cells to recognize and kill a specific type of cancer cell.

Advanced cellular therapy products and their administration are covered at the In-Network benefit level when prior authorized to be received at a provider contracted with Cigna as the Third Party Administrator for the specific advanced cellular therapy product and related services. Advanced cellular therapy products and their administration received from a provider that is not contracted with Cigna as the Third Party Administrator for the specific advanced cellular therapy product and related services are not covered.

Advanced Cellular Therapy Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a prior authorized advanced cellular therapy product are covered, subject to the following conditions and limitations.

Benefits for transportation and lodging are available to you only when:

- you are the recipient of a prior authorized advanced cellular therapy product;
- the term recipient is defined to include a person receiving prior authorized advanced cellular therapy related services during any of the following: evaluation, candidacy, event, or post care;
- the advanced cellular therapy products and services directly related to their administration are received at a provider contracted with Cigna as Third Party Administrator

for the specific advanced cellular therapy product and related services; and

- the provider is not available within a 60 mile radius of your primary home residence.

Travel expenses for the person receiving the advanced cellular therapy include charges for: transportation to and from the advanced cellular therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within a 60 mile radius of your primary home residence; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

HC-COV1657

01-26

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that may be administered in an Inpatient setting, Outpatient setting, Physician's office, or in a covered person's home.

Benefits under this section are provided only for Medical Pharmaceuticals that, because of their characteristics as determined by the Claims Administrator, require a qualified licensed health care professional to administer or directly supervise administration.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive coverage, the covered person may be required to try a specific Medical Pharmaceutical before trying others. Medical Pharmaceuticals administered in an Inpatient facility are reviewed per Inpatient review guidelines.

Cigna as the Claims Administrator determines the utilization management requirements and other coverage conditions that apply to a Medical Pharmaceutical by considering a number of factors:

- Clinical factors, which may include the Claims Administrator's evaluations of the site of care and the relative safety or relative efficacy of Medical Pharmaceuticals.

- Economic factors, which may include the cost of the Medical Pharmaceutical and assessments of cost effectiveness after rebates.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include an increase in the cost of a Medical Pharmaceutical.

Certain Medical Pharmaceuticals that are used for treatment of complex chronic conditions, are high cost, and are administered and handled in a specialized manner may be subject to additional coverage criteria or require administration by a designated Cigna Pathwell Specialty provider. The Claims Administrator determines which injections, infusions, and implantable drugs are subject to these criteria and requirements.

Cigna Pathwell Specialty includes, but is not limited to, contracted physician offices, ambulatory infusion centers, home and outpatient hospital infusion centers, and contracted specialty pharmacies. When the designated Cigna Pathwell Specialty provider cannot meet the clinical needs of the customer as determined by Cigna as Claims Administrator, exceptions are considered and approved when appropriate.

A complete list of those Medical Pharmaceuticals subject to additional coverage criteria or that require administration by a designated Cigna Pathwell Specialty provider is available at www.cigna.com/PathwellSpecialty.

The following are not covered under the plan:

- Medical Pharmaceutical regimens that have a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s);
- Medical Pharmaceuticals newly approved by the Food & Drug Administration (FDA) up to the first 180 days following its market launch;
- Medical Pharmaceutical regimens for which there is an appropriate lower cost alternative for treatment.

In the event a covered Medical Pharmaceutical is not clinically appropriate, the Claims Administrator makes available an exception process to allow for access to non-covered drugs when Medically Necessary.

The Claims Administrator may consider certain Medical Pharmaceutical regimens as preferred when they are clinically effective treatments and the most cost effective. Preferred regimens are covered unless the covered person is not a candidate for the regimen and a Medical Necessity coverage exception is obtained.

HC-COV1677

01-26

Gene Therapy

Charges for gene therapy products and services directly related to their administration are covered when Medically Necessary. Gene therapy is a category of pharmaceutical products approved by the U.S. Food and Drug Administration (FDA) to treat or cure a disease by:

- replacing a disease-causing gene with a healthy copy of the gene.
- inactivating a disease-causing gene that may not be functioning properly.
- introducing a new or modified gene into the body to help treat a disease.

Each gene therapy product is specific to a particular disease and is administered in a specialized manner. Cigna as Claims Administrator determines which products are in the category of gene therapy, based in part on the nature of the treatment and how it is distributed and administered.

Coverage includes the cost of the gene therapy product; medical, surgical, and facility services directly related to administration of the gene therapy product; and professional services.

Gene therapy products and their administration are covered when prior authorized to be received at In-Network facilities specifically contracted with Cigna as Third Party Administrator for the specific gene therapy service. Gene therapy products and their administration received at other facilities are not covered.

Gene Therapy Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a prior authorized gene therapy procedure are covered subject to the following conditions and limitations.

Benefits for transportation and lodging are available to you only when you are the recipient of a prior authorized gene therapy; and when the gene therapy products and services directly related to their administration are received at a participating In-Network facility specifically contracted with Cigna as Third Party Administrator for the specific gene therapy service. The term recipient is defined to include a person receiving prior authorized gene therapy related services during any of the following: evaluation, candidacy, event, or post care.

Travel expenses for the person receiving the gene therapy include charges for: transportation to and from the gene therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family,

your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

Clinical Trials

This plan covers routine patient care costs and services related to an approved clinical trial for a qualified individual. The individual must be eligible to participate according to the trial protocol and **either** of the following conditions must be met:

- the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate; or
- the individual provides medical and scientific information establishing that the individual's participation in the clinical trial would be appropriate.

In addition to qualifying as an individual, the clinical trial must also meet certain criteria in order for patient care costs and services to be covered.

The clinical trial must be a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition that meets **any** of the following criteria:

- it is a federally funded trial. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - National Institutes of Health (NIH).
 - Centers for Disease Control and Prevention (CDC).
 - Agency for Health Care Research and Quality (AHRQ).
 - Centers for Medicare and Medicaid Services (CMS).
- a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Department of Veterans Affairs (VA).
- a qualified non-governmental research entity identified in NIH guidelines for center support grants.
- any of the following: Department of Energy, Department of Defense, Department of Veterans Affairs, if **both** of the following conditions are met:
 - the study or investigation has been reviewed and approved through a system of peer review comparable to the system of peer review of studies and

investigations used by the National Institutes of Health (NIH); and

- the study or investigation assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA).
- the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The plan does not cover any of the following services associated with a clinical trial:

- services that are not considered routine patient care costs and services, including the following:
 - the investigational drug, device, item, or service that is provided solely to satisfy data collection and analysis needs.
 - an item or service that is not used in the direct clinical management of the individual.
 - a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- an item or service provided by the research sponsors free of charge for any person enrolled in the trial.
- travel and transportation expenses, unless otherwise covered under the plan, including but not limited to the following:

- fees for personal vehicle, rental car, taxi, medical van, ambulance, commercial airline, train.
- mileage reimbursement for driving a personal vehicle.
- lodging.
- meals.
- routine patient costs obtained out-of-network when Out-of-Network benefits do not exist under the plan.

Examples of routine patient care costs and services include:

- radiological services.
- laboratory services.
- intravenous therapy.
- anesthesia services.
- Physician services.
- office services.
- Hospital services.
- Room and Board, and medical supplies that typically would be covered under the plan for an individual who is not enrolled in a clinical trial.

Clinical trials conducted by Out-of-Network providers will be covered only when the following conditions are met:

- In-Network providers are not participating in the clinical trial; or
- the clinical trial is conducted outside the individual's state of residence.

Prescription Drug Benefits The Schedule

For You and Your Dependents

This plan provides Prescription Drug benefits for Prescription Drug Products provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a Deductible, Copayment or Coinsurance requirement for Covered Expenses for Prescription Drug Products.

You and your Dependents will pay 100% of the cost of any Prescription Drug Product excluded from coverage under this plan. The amount you and your Dependent pays for any excluded Prescription Drug Product to the dispensing Pharmacy, will not count towards your Deductible, if any, or Out-of-Pocket Maximum.

Coinsurance

The term Coinsurance means the percentage of the Prescription Drug Charge for a covered Prescription Drug Product dispensed by a Network Pharmacy that you or your Dependent are required to pay under this plan in addition to the Deductible, if any.

Copayments (Copay)

Copayments are amounts to be paid by you or your Dependent for covered Prescription Drug Products.

Patient Assurance Program

Your plan offers additional discounts for certain covered Prescription Drug Products that are dispensed by a retail or home delivery Network Pharmacy included in what is known as the “Patient Assurance Program”. As may be described elsewhere in this plan, from time to time Cigna (as Third Party Administrator) may directly or indirectly enter into arrangements with pharmaceutical manufacturers for discounts that result in a reduction of your Out-of-Pocket Expenses for certain covered Prescription Drug Products for which Cigna directly or indirectly earns the discounts. Specifically, some or all of the Patient Assurance Program discount earned by Cigna for certain covered Prescription Drug Products included in the Patient Assurance Program is applied or credited to a portion of your Copayment or Coinsurance, if any. The Copayment or Coinsurance, if any, otherwise applicable to those certain covered Prescription Drug Products as set forth in The Schedule may be reduced in order for Patient Assurance Program discounts earned by Cigna to be applied or credited to the Copayment or Coinsurance, if any, as described above.

For example, certain insulin product(s) covered under the Prescription Drug Benefit for which Cigna directly or indirectly earns a discount in connection with the Patient Assurance Program shall result in a credit toward some or all of your Copayment or Coinsurance, if any, which, as noted, may be reduced from the amount set forth in The Schedule, for the insulin product. In addition, the covered insulin products eligible for Patient Assurance Program discounts shall not be subject to the Deductible, if any.

Your Copayment or Coinsurance payment, if any, for covered Prescription Drug Products under the Patient Assurance Program counts toward your Out-of-Pocket Maximum.

Any Patient Assurance Program discount that is used to satisfy your Copayment or Coinsurance, if any, for covered Prescription Drug Products under the Patient Assurance Program counts toward your Out-of-Pocket Maximum.

Please note that the Patient Assurance Program discounts that Cigna may earn for Prescription Drug Products, and may apply or credit to your Copayment or Coinsurance, if any, in connection with the Patient Assurance Program are unrelated to any rebates or other payments that Cigna may earn from a pharmaceutical manufacturer for the same or other

Tier 4 Brand Drugs designated as Specialty Prescription Drug Products on the Prescription Drug List	20%, subject to a maximum of \$625, then the Health Plan pays 100%	In-network coverage only

Prescription Drug Benefits

Covered Expenses

Your plan provides benefits for Prescription Drug Products on the Prescription Drug List that are dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, which for the purposes of the Prescription Drug Benefit include Medically Necessary Prescription Drug Products ordered by a Physician, Limitations, and Exclusions are provided below and/or are shown in The Schedule.

If you or any one of your Dependents, while covered for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, your plan provides coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and the Claims Administrator determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered pursuant to the, as applicable, Copayment or Coinsurance for the Prescription Drug Product as would be applicable if covered by Network Pharmacy.

Prescription Drug List Management

Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. Determination of inclusion of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and utilization management requirements or other coverage conditions are based on a number of factors which may include, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for

you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy(ies) for coverage, or try another covered Prescription Drug Product(s). Please access the Prescription Drug List through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

HC-PHR619

01-23

Limitations

For most Prescription Drug Products you and your Dependent pay only the cost sharing detailed in The Schedule of Prescription Drug Benefits. However, in the event you or your Dependent insist on a more expensive Brand Drug where a Therapeutic Equivalent Generic Drug is available, you may be financially responsible for an Ancillary Charge, in addition to any required Brand Drug Copayment and/or Coinsurance. In this case, the Ancillary Charge will not apply to your Deductible, if any, or Out of Pocket Maximum. However, in the event your Physician determines that the Generic Drug is not an acceptable alternative for you (and indicates Dispensed as Written on the Prescription Order or Refill), you will only be responsible for payment of the appropriate Brand Drug Coinsurance and/or Copayment after satisfying your Deductible, if any.

Your plan includes a Brand Drug for Generic Drug dispensing program. This program allows certain Brand Drugs to be dispensed in place of the Therapeutic Equivalent Generic Drug at the time your Prescription Order or Refill is processed by a participating Pharmacy. Brand Drug for Generic Drug substitution will occur only for certain Brand Drugs included in the program. When this substitution program is applied, the participating Pharmacy will dispense the Brand Drug to you in place of the available Generic Drug. You will be responsible for payment of only a Generic Drug Copayment and/or Coinsurance, after satisfying your Deductible, if any.

Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Claims Administrator or its Review Organization. The reason for obtaining prior authorization from Claims Administrator is to determine whether the Prescription Drug Product is Medically Necessary in accordance with Claims Administrator's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Claims Administrator or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Claims Administrator, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Claims Administrator. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan's terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee's clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom the Third Party Administrator has an arrangement to provide those Specialty Prescription Drug Products.

Certain Specialty Prescription Drugs on the Prescription Drug List/Formulary have been classified as non-essential health benefits (NEHBs). A list of these NEHB Specialty Prescription Drugs and the applicable Coinsurance for each NEHB Specialty Prescription Drug can be accessed at www.saveonsp.com/cigna-NPF. This list will change from time to time. If you are prescribed one of these NEHB Specialty Prescription Drugs, you will be contacted by SaveOn SP, LLC ("SaveOnSP") to enroll in a cost saving program managed by SaveOnSP.

Specialty Clinical Days' Supply

Specialty clinical days' supply is designed to improve customer adherence and satisfaction while reducing the waste of Specialty Prescription Drug Products resulting from changes in prescription drug therapy. Specialty clinical days' supply uses

clinical guidelines, customer experience, financial considerations, and the Third Party Administrator's home delivery pharmacy expertise to establish an optimum maximum days' supply for each fill of a Specialty Prescription Drug Product. The maximum days' supply of a Specialty Prescription Drug Product, dispensed by a Third Party Administrator designated specialty pharmacy, may be limited to less than the home delivery days' supply maximum indicated in The Schedule depending on the drug, condition, and demonstrated patient stability on prescription drug therapy.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products

New Prescription Drug Products may or may not be placed on a Prescription Drug List tier upon market entry. The Third Party Administrator will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. The Third Party Administrator's tier placement decision shall be based on consideration of, without limitation, the P&T Committee's clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by the Third Party Administrator or its Review Organization as Medically Necessary in the interim, the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

Your Payments

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule, as well as any limitations or exclusions set forth in this plan. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

Copayment

Your plan requires that you pay a Copayment for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The

Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Copayment requirement will be the lowest of the following amounts:

- the Copayment for the Prescription Drug Product set forth in The Schedule; or
- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

Coinsurance

Your plan requires that you pay a Coinsurance amount for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Coinsurance requirement will be the lowest of the following amounts:

- the amount that results from applying the applicable Coinsurance percentage set forth in The Schedule to the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for your or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

You will need to obtain prior approval from the Claims Administrator or its Review Organization for any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded. If the Claims Administrator or its Review Organization approves coverage for the Prescription Drug Product because it meets the applicable coverage exception criteria, the Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

Exclusions

Coverage exclusions listed under the "Exclusions, Expenses Not Covered and General Limitations" section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the Prescription Drug List through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

- coverage for Prescription Drug Products for the amount dispensed (days' supply) which exceeds the applicable supply

limit, or is less than any applicable supply minimum set forth in The Schedule, or which exceeds quantity limit(s) or dosage limit(s) set by the P&T Committee.

- more than one Prescription Order or Refill for a given prescription supply period for the same Prescription Drug Product prescribed by one or more Physicians and dispensed by one or more Pharmacies.
- Prescription Drug Products dispensed outside the jurisdiction of the United States, except as required for emergency or Urgent Care treatment.
- Prescription Drug Products which are prescribed, dispensed or intended to be taken by or administered to you while you are a patient in a licensed Hospital, Skilled Nursing Facility, rest home, rehabilitation facility, or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceutical products.
- Prescription Drug Products furnished by the local, state or federal government (except for a Network Pharmacy owned or operated by a local, state or federal government).
- any product dispensed for the purpose of appetite suppression (anorectics) or weight loss.
- prescription and non-prescription supplies other than supplies covered as Prescription Drug Products.
- medications used for cosmetic or anti-aging purposes, including, without limitation, medications used to reduce wrinkles, medications used to promote hair growth and fade cream products.
- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.
- Medical Pharmaceuticals covered solely under the plan's medical benefits.
- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).
- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form. Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.

- any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, unless coverage for such product(s) is required by federal or state law.
- medications used for travel prophylaxis unless specifically identified on the Prescription Drug List.
- immunization agents, virus detection testing, virus antibody testing, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions unless specifically identified on the Prescription Drug List.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s). Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.
- medications that are not FDA-approved for any indication.
- Prescription Drug Products classified as gene therapy.

Reimbursement/Filing a Claim

Retail Pharmacy

When you or your Dependents purchase your Prescription Drug Products through a Network Pharmacy, you pay any applicable Copayment, Coinsurance, or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form for a Prescription Drug Product obtained at a Network Pharmacy unless you pay the full cost of a Prescription Drug Product at a Network Pharmacy and later seek reimbursement for the Prescription Drug Product under the plan or wish to dispute the amount you were charged. For example, if you must pay the full cost of a Prescription Drug Product to the retail Network Pharmacy because you did not have your ID card, then you must submit a claim to the Claims Administrator for any reimbursement or benefit you believe is due to you under this plan. If, under this example, your payment to the retail Network Pharmacy for the covered Prescription Drug Product exceeds any applicable copay, then you will be reimbursed the difference, if any, between the applicable copay and the Prescription Drug Charge for the Prescription Drug Product. If you believe that the amount of any applicable Copayment, Coinsurance and/or Deductible you were charged was incorrect, to dispute the accuracy of the amount you were charged you must submit a claim for reimbursement according to the applicable claim filing procedures for postservice claims.

Exclusions, Expenses Not Covered and General Limitations

Exclusions and Expenses Not Covered

Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- charges which you are not obligated to pay and/or for which you are not billed. This exclusion includes, but is not limited to:
 - any instance where Claims Administrator determines that a provider or Pharmacy did not bill you for or has waived, reduced, or forgiven any portion of its charges and/or any portion of any Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for an otherwise Covered Expense (as shown on The Schedule) without Claims Administrator's express consent.
 - charges of a non-Participating Provider who has agreed to charge you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

In the event that Claims Administrator determines that this exclusion applies, then Claims Administrator in its sole discretion shall have the right to:

- require you and/or any provider or Pharmacy submitting claims on your behalf to provide proof sufficient to Claims Administrator that you have made your required cost-share payment(s) prior to the payment of any benefits by the Claims Administrator;
- deny the payment of benefits in connection with the Covered Expense regardless of whether the provider or the Pharmacy represents that you remain responsible for any amounts that your plan does not cover; or
- reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain

responsible for any amounts that your plan does not cover.

- charges or payment for healthcare-related services that violate state or federal law.
- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- for or in connection with experimental, investigational or unproven services.

Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be either:

- not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed for any indication; or
- not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing any condition or Sickness regardless of U.S. Food and Drug Administration (FDA) approval status.

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies, or devices are experimental, investigational, and/or unproven, the utilization review Physician relies on the coverage policies maintained by the Claims Administrator or the Review Organization. Coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

- charges for health care services, supplies, or medications when billed for conditions or diagnoses that are not covered or reimbursable under the coverage policies maintained by Claims Administrator or the Review Organization.
- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- the following services are excluded from coverage regardless of clinical indications except as may be covered under the "Reconstructive Surgery" benefit: rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.

- surgical and non-surgical treatment of Temporomandibular Joint Dysfunction (TMJ).
- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. However, charges made for a continuous course of dental treatment for an Injury to teeth are covered.
- medical and surgical services, initial and repeat, intended for the treatment or control of obesity, except for treatment of clinically severe (morbid) obesity as shown in Covered Expenses, including: medical and surgical services to alter appearance or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.
- reports, evaluations, physical examinations, or hospitalization not required for health reasons, including but not limited to employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations, unless otherwise covered under this plan.
- court-ordered treatment or hospitalization, unless treatment is prescribed by a Physician and is a covered service or supply under this plan.
- any services or supplies for the treatment of male or female sexual dysfunction such as, but not limited to, treatment of erectile dysfunction (including penile implants), anorgasmia, and premature ejaculation.
- medical and Hospital care and costs for the child of your Dependent child, unless the child is otherwise eligible under this plan.
- non-medical counseling and/or ancillary services, including but not limited to Custodial Services, educational services, vocational counseling, training and, rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
- non-medical living arrangements, including but not limited to, health resorts, recreational programs, outdoor skills programs, relaxation or lifestyle programs, or supportive living programs.
- therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the “Home Health Care Services” or “Breast Reconstruction and Breast Prostheses” sections of this plan.
- private Hospital rooms and/or private duty nursing except as provided under the Home Health Care Services provision.
- personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- artificial aids, including but not limited to corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets and dentures.
- aids or devices that assist with non-verbal communications, including but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- eyeglass lenses and frames, contact lenses and associated services (exams and fittings) (except for the initial set after treatment of keratoconus or following cataract surgery).
- routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- all non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- routine foot care, including the paring and removing of corns and calluses and toenail maintenance. However, foot care services for diabetes, peripheral neuropathies and peripheral vascular disease are covered when Medically Necessary.
- membership costs and fees associated with health clubs, weight loss programs or smoking cessation programs.
- genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
- dental implants for any condition.

- fees associated with the collection, storage or donation of blood or blood products, except for autologous donation in anticipation of scheduled services when medical management review determines the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- blood administration for the purpose of general improvement in physical condition.
- cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- health and beauty aids, cosmetics and dietary supplements.
- all nutritional supplements, formulae, enteral feedings, supplies and specially formulated medical foods, whether prescribed or not except for infant formula needed for the treatment of inborn errors of metabolism.
- for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- charges related to an Injury or Sickness payable under worker's compensation or similar laws.
- products and supplies associated with the administration of medications that are available to be covered under the Prescription Drug Benefit. Such products and supplies include but are not limited to therapeutic Continuous Glucose Monitor (CGM) sensors and transmitters and insulin pods.
- expenses incurred by a participant to the extent reimbursable under automobile insurance coverage. Coverage under this plan is secondary to automobile no-fault insurance or similar coverage. The coverage provided under this plan does not constitute "Qualified Health Coverage" under Michigan law and therefore does not replace Personal Injury Protection (PIP) coverage provided under an automobile insurance policy issued to a Michigan resident. This plan will cover expenses only not otherwise covered by the PIP coverage.

General Limitations

No payment will be made for expenses incurred for you or any one of your Dependents:

- for charges by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
- for any charges related to care provided through a public program, other than Medicaid.
- for charges which would not have been made if the person did not have coverage.

- to the extent that they are more than Maximum Reimbursable Charges.
- to the extent of the exclusions imposed by any certification requirement shown in this plan.
- for expenses for services, supplies, care, treatment, drugs or surgery that are not Medically Necessary.
- for charges made by any Physician or Other Health Professional who is a member of your family or your Dependent's family.
- for expenses incurred outside the United States other than expenses for Medically Necessary emergency or urgent care while temporarily traveling abroad.

HC-EXC637 M

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Coverage under this Health Plan plus another Plan will not guarantee 100% reimbursement.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public nor is individually underwritten including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and which limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service if rendered under similar or comparable circumstances by other health care providers located within the immediate geographic area where the health care service was delivered.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers a person as an enrollee or an employee shall be the Primary Plan and the Plan that covers that person as a Dependent shall be the Secondary Plan;
- For a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year;
- For the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
 - then, the Plan of the parent with custody of the child;
 - then, the Plan of the spouse of the parent with custody of the child;
 - then, the Plan of the noncustodial parent of the child; and
 - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If

the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state and state law determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Health Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Health Plan is the Secondary Plan, the benefits that would be payable under this Health Plan in the absence of Coordination will be reduced by the benefits payable under all other Plans for the expense covered under this Health Plan.

When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service rendered will be considered both an expense incurred and a benefit payable.

Recovery of Excess Benefits

If the Health Plan approves charges for services and supplies that should have been paid by the Primary Plan, the Third Party Administrator will have the right to recover such payments.

The Health Plan will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments were made by any insurance company, healthcare plan or other organization. If we request, you shall execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

The Third Party Administrator, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any

information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 55 days of the request, the claim will be closed. If the requested information is subsequently received, the claim will be processed.

Medicare Eligibles

The Claims Administrator will approve claims as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

- (a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this Health Plan;
- (b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this Health Plan;
- (c) an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Employee is eligible for Medicare due to disability;
- (d) the Dependent of an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Dependent is eligible for Medicare due to disability;
- (e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;
- (f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

The Claims Administrator will assume the amount payable under:

- Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.
- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

Domestic Partners

Under federal law, the Medicare Secondary Payer Rules do not apply to Domestic Partners covered under a group health Plan when Medicare coverage is due to age. Therefore, when Medicare coverage is due to age, Medicare is always the Primary Plan for a person covered as a Domestic Partner, and the Health Plan is the Secondary Plan. However, when Medicare coverage is due to disability, the Medicare Secondary Payer Rules explained above will apply.

This is the Health Plan's standard except for the following situations: a dependent who is a domestic partner over the age of 65; or a person who is eligible for ESRD once the Medicare 30 month coordination period has ended. Please note that COBRA status does not constitute active employment therefore Medicare would be primary for these members.

01-21

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault insurance or similar coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative

shall execute such documents as may be required to secure the plan's subrogation rights.

- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;
- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan.

This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".

- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.
- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize the Third Party Administrator to pay any healthcare benefits under this policy to a Participating or

Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and the Third Party Administrator, it is the provider's responsibility to reimburse the overpayment to you. The Third Party Administrator may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, the Third Party Administrator may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider. Additionally, if you incur expenses outside of the United States for Medically Necessary emergency or urgent care while temporarily traveling abroad, it is your or your Dependent's responsibility to pay the Non-Participating Provider for such benefits. Once payment to the Non-Participating Provider is made, the Third Party Administrator will reimburse you for such payment following the Third Party Administrator's receipt of proof of payment and other supporting documentation required by the Third Party Administrator's payment policy.

If any person to whom benefits are payable is a minor or, in the opinion of the Third Party Administrator is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, the Third Party Administrator may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When a participant passes away, the Third Party Administrator may receive notice that an executor of the estate has been established. The executor has the same rights as someone covered under the Health Plan and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release the Third Party Administrator from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by the Third Party Administrator, the Third Party Administrator will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset

the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which the Third Party Administrator may seek recovery of any overpayment. You agree that the Third Party Administrator, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

Calculation of Covered Expenses

the Third Party Administrator, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child’s right to receive group health benefits for which a participant or beneficiary is eligible;

the order specifies your name and last known address, and the child’s name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child’s mailing address;

- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child’s custodial parent or legal guardian, shall be made to the child, the child’s custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the “Newborns’ and Mothers’ Health Protection Act”: restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Claim Determination Procedures under ERISA

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna (as Third Party Administrator or Claims Administrator) or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. The Claims Administrator will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, the Claims Administrator will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond the Claims Administrator's control, the Claims Administrator will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more

time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to the Claims Administrator within 45 days after receiving the notice. The determination period will be suspended on the date the Claims Administrator sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, the Claims Administrator will make the preservice determination on an expedited basis. The Claims Administrator will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. The Claims Administrator will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, the Claims Administrator will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to the Claims Administrator within 48 hours after receiving the notice. The Claims Administrator will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative attempts to request a preservice determination, but fails to follow the Claims Administrator's procedures for requesting a required preservice determination, the Claims Administrator will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, the Claims Administrator will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, the Claims Administrator will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond the Claims Administrator's control, the Claims Administrator will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to the Claims Administrator within 45 days after receiving the notice. The determination period will be suspended on the date the Claims Administrator sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, the Claims Administrator may require you to designate your authorized representative in writing using a form approved by the Claims Administrator. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, the Claims Administrator may require you to re-appoint your authorized representative, from time to time.

the Claims Administrator reserves the right to refuse to honor the appointment of a representative if the Claims Administrator reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or the Claims Administrator does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by the Claims Administrator.

Medical - When You Have a Complaint or an Appeal

For the purposes of this section, any reference to "you" or "your" also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

We want you to be completely satisfied with the services you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Customer Service

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you may call the toll-free number on your ID card, explanation of benefits, or claim form and explain your concern to one of our Customer Service representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Internal Appeals Procedure

To initiate an appeal of an adverse benefit determination, you must submit a request for an appeal to the Claims Administrator within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that the Claims Administrator previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal.

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask the Claims Administrator to register your appeal by telephone. Call or write us at the toll-free number on your ID card, explanation of benefits, or claim form.

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

We will respond in writing with a decision within 30 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination or a postservice Medical Necessity determination. We will respond within 60 calendar days after we receive an appeal for any other postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

In the event any new or additional information (evidence) is considered, relied upon or generated by the Claims Administrator in connection with the appeal, this information will be provided automatically to you as soon as possible and sufficiently in advance of the decision, so that you will have an opportunity to respond. Also, if any new or additional rationale is considered by the Claims Administrator, the Claims Administrator will provide the rationale to you as soon as possible and sufficiently in advance of the decision so that you will have an opportunity to respond.

You may request that the appeal process be expedited if the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your health care provider would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition

When an appeal is expedited, the Claims Administrator will respond orally with a decision within 72 hours, followed up in writing.

External Review Procedure

Any external review procedure available under the plan will apply to any adverse determination regarding whether the plan complied with the surprise billing and cost sharing protections of the federal No Surprises Act and its implementing regulations.

If you are not fully satisfied with the decision of the Claims Administrator's internal appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization (IRO). The IRO is composed of persons who are not employed by the Claims Administrator, or any of its affiliates. A decision to request an external review to an IRO will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate an external review. The Claims Administrator and your benefit plan will abide by the decision of the IRO.

To request a review, you must notify the Appeals Coordinator within 4 months of your receipt of the Claims Administrator's appeal review denial. The Claims Administrator will then forward the file to a randomly selected IRO. The IRO will render an opinion within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by the Claims Administrator's reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from a facility, the external review shall be completed within 72 hours.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: availability, upon request, of the diagnosis and treatment codes, and their meanings including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined below; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a), if applicable; upon request and

free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of an adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against the Claims Administrator until you have completed the appeal processes. However, no action may be brought at all unless brought within three years after proof of claim is required under the plan. However any action must be brought within the earlier of one year after the date of the final denial of an adverse benefit determination appeal or two years after the date the service or treatment was provided.

Discretionary Authority

The Plan Administrator delegates to Cigna the discretionary authority as Claims Administrator to interpret and apply plan terms and to make factual determinations in connection with its review of claims and appeals under the plan. Such discretionary authority is intended to include, but not limited to, the determination of coverage for claim for benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to Cigna as Claims Administrator the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative. Accordingly, for purposes of claims administration and claims appeals,

Cigna is the claims fiduciary (within the meaning of ERISA) for this plan. Micron as Plan Administrator does not make claims or appeals decisions for this plan.

Cigna has also been appointed by Micron (as the Plan Administrator) to provide Third Party Administrator services. Cigna may exercise discretion in carrying out these functions, but Cigna does not act in a fiduciary capacity when performing services as a Third Party Administrator.

Plan Modification, Amendment and Termination

The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it.

Contact the Employer for the procedure by which benefits may be changed or terminated, by which the eligibility of classes of employees may be changed or terminated, or by which part or all of the Plan may be terminated. No consent of any participant is required to terminate, modify, amend or change the Plan.

Custodial Services

Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly to maintain the person’s current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating, preparing foods, or taking medications that can be self-administered; and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

HC-DFS56

Maximum Reimbursable Charge – Medical

See The Medical Schedule for information about Out-of-Network Charges for Certain Services, Out-of-Network Emergency Services Charges, and Out-of-Network Air Ambulance Services Charges.

The Maximum Reimbursable Charge (also referred to as MRC) is the maximum amount that your plan will pay an Out-of-Network health care provider for a Covered Expense. Your applicable Out-of-Network Coinsurance and/or Deductible amount(s), if any, set forth in The Schedule are determined based on the MRC. Unless prohibited by applicable law or agreement, Out-of-Network providers may also bill you for the difference between the MRC and their charges, and you may be financially responsible for that amount. If you receive a bill from an Out-of-Network provider for more than the What I Owe amount on the Explanation of Benefits (EOB), please call the Third Party Administrator at the phone number on your ID card.

If an Out-of-Network provider is willing to agree to a rate that the Third Party Administrator, in its discretion, determines to be market competitive, then that rate will become the MRC used to calculate the Out-of-Network allowable amount for a Covered Expense. An Out-of-Network provider can agree to a rate by: (i) entering into an agreement with the Third Party Administrator or one of its third-party vendors that establishes the rate the Out-of-Network provider is willing to accept as payment for the Out-of-Network Covered Expense; or (ii) receiving a payment from the Third Party Administrator based on an allowed amount that the Third Party Administrator or one of its third-party vendors has determined is a market competitive rate without billing you and/or obligating you to pay the difference between the payment amount and the charged amount.

If an Out-of-Network provider does not agree to a market competitive rate as described in the previous paragraph, then the MRC for Open Access Plus will be based on an amount required by law, or if no amount is required by law, then the lesser of:

- the providers normal charge for a similar service or supply; or
- the planholder-selected percentage of a fee schedule the Third Party Administrator has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar service or supply within the geographic market. In the event that Medicare does not have a published rate for a particular service or supply, the Third Party Administrator may, in its

10-16

discretion, determine the MRC based on a rate for the same or similar service or supply by applying a Medicare-based methodology that the Third Party Administrator deems appropriate.

The percentage used to determine the Maximum Reimbursable Charge is 110%.

04-10
VI

Note: Some providers attempt to forgive, waive, or not collect the cost share obligation (e.g., your Coinsurance and/or Deductible amount(s), if any), that this plan requires you to pay. This practice jeopardizes your coverage under this plan. Please read the Exclusions, Expenses Not Covered and General Limitations section, or call the Third Party Administrator at the phone number on your ID card for more details.

HC-DFS1722

07-22

Medically Necessary/Medical Necessity

Health care services, supplies and medications provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, condition, disease or its symptoms, that are all of the following as determined by a Medical Director or Review Organization:

- required to diagnose or treat an illness, Injury, disease or its symptoms;
- in accordance with generally accepted standards of medical practice;
- clinically appropriate in terms of type, frequency, extent, site and duration; not primarily for the convenience of the patient, Physician or Other Health Professional;
- not more costly than an alternative service(s), medication(s) or supply(ies) that is at least as likely to produce equivalent

therapeutic or diagnostic results with the same safety profile as to the prevention, evaluation, diagnosis or treatment of your Sickness, Injury, condition, disease or its symptoms; and

- rendered in the least intensive setting that is appropriate for the delivery of the services, supplies or medications. Where applicable, the Medical Director or Review Organization may compare the cost-effectiveness of alternative services, supplies, medications or settings when determining least intensive setting.

In determining whether health care services, supplies, or medications are Medically Necessary, the Medical Director relies on the clinical coverage policies maintained by Claims Administrator or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

Urgent Care

Urgent Care is medical, surgical, Hospital or related health care services and testing which are not Emergency Services, but which are determined by the Claims Administrator, in accordance with generally accepted medical standards, to have been necessary to treat a condition requiring prompt medical attention. This does not include care that could have been foreseen before leaving the immediate area where you ordinarily receive and/or were scheduled to receive services. Such care includes, but is not limited to, dialysis, scheduled medical treatments or therapy, or care received after a Physician's recommendation that the covered should not travel due to any medical condition.
