Collaboration and Memory Solutions Expertise

Micron Technology is a global leader in the semiconductor industry, delivering memory solutions that transform how the world uses information.

Micron is committed to our customers' innovations and business success. Through our expansive global footprint, we deliver comprehensive customer collaboration, support and quality throughout the product life cycle and around the world.

Micron in Taiwan

Micron has enjoyed a long-standing partnership with Taiwan. With state-of-the-art wafer fabrication facilities, combined with strategically located sales and technical support offices, Taiwan plays a critical role in Micron's continued success.

On December 6, 2016, Micron welcomed Inotera to our global team, solidifying a strong eight-year partnership. With our expanded operations, we will continue to leverage our global expertise, industry insight and rich traditions to provide products and solutions that are synonymous with technology innovation and market growth.
